

Newark High FFA Newark, DE

June 2018

Newark FFA Pride!

by Ms. Sarah Tull

Name: Newark High School

Location: New Castle County

Staff: Mrs. Kelly Oldis

(Animal Science I - IV)

Facilities: Freestanding chicken coop as well as goats in a modified greenhouse (used as barn)

At Newark High School Agriculture Teacher Mrs. Kelly Oldis is hard at work preparing her students for the future. Her FFA chapter has 40 members dedicated to the future of Agriculture. Part of their success is having a very dedicated teacher, as well

as hands-on experiences for every student who enters her room.

To help keep their FFA program strong there are many fundraisers their chapter participates in yearly. This includes selling Yankee candles and a dog wash.

Some accomplishments from all this hard work is obtaining an increase in membership than in previous years. They also have monthly chapter meetings and attend FFA state events that are held throughout the year. In addition, they are set to show in dairy

evaluation and dairy handling this summer at the Delaware State Fair.

Newark High's accomplishments are a testament to the perseverance of their Ag Teacher. It is an amazing program that deserves more recognition for all of their daily hard work.
