How did you first learn about the FFA?

I learned about FFA through my grandmother that heard about the positive that comes from the organization and she told me I needed to join, so I did my 7th grade year at Smyrna Middle School.

What has been your most challenging FFA experience?

My most challenging FFA experience was going to national convention and competing not in just one CDE but Two. Its hard to study for two CDE's at the same time.

What are you most looking forward to during your year as a State Officer?

I am more than excited to create relationships with members! I want to inspire members to be the best they can be the same way I was inspired in my early stages of being in the organization.
