

### Helpful hints:

Try to be as consistent as possible when asking interview questions. Ask the same question to each of the exhibitors within a particular division and category.

Below are some example questions from the Official FFA Agriscience Fair Handbook. You **MAY** use them when interviewing the exhibitors or you may ask questions of your own choosing.

Due to time constraints, **please pick a maximum of 5 questions** to ask the exhibitors during their interview.

1. How and why was the project selected?
2. What was your goal? What did you plan to accomplish in your project?
3. Were there any surprises in your project? How did you deal with them?
4. What did you learn from the experience?
5. How much time did you devote to your project?
6. What kept you from being discouraged?
7. How did you manage time for this project in relation to your other activities?
8. What would you advise others doing a project? What is the value of a project of this type?
9. What was the greatest challenge in your project?
10. What was your solution to your greatest challenge in your project?
