Delaware FFA Career & Leadership Development Event Policies

Participation in Career and Leadership Development Events (CDEs/LDE's) and Activities

(last updated November 2019)

Member Eligibility

To be eligible for participation in FFA Career & Leadership Development Events, a participant must meet one of the following criteria:

1. Be an active member in good standing with the local bona fide chapter, State Association and National Organization for the school year during which the event is held, be enrolled in Agriscience Education, and maintain a Supervised Agricultural Experience (SAE) program. Dues must be paid by the CDE/ LDE or before May 1. Note: Certain exceptions may apply as follows. If a student is unable to enroll in an agriscience course due to extenuating circumstances, such as program closure or scheduling problems, that student may maintain active membership status for up to one membership year by paying local, chapter and state dues and by maintaining a SAE and active involvement with the local FFA chapter. This period of FFA membership will be terminated at the end of that membership year if the student does not re-enroll in a systematic program of agricultural instruction.
2. Members may retain their active membership until November 30, following the fourth National FFA Convention after graduating high school. This is especially important for those FFA Members who want to apply for their American Degree.
3. These members are not eligible to participate in judging events:
 - Any Delaware FFA Member on a first place team cannot participate on or in the same CDE / LDE again. Any member who has participated in a national CDE / LDE cannot participate in the same CDE/ LDE again.
 - Any member may continue to participate in any CDE/ LDE until they have won a National CDE/ LDE trip during the year. At this point, they may participate in State CDE's or LDE's only (Safe Tractor Driving and Opening and Closing Ceremonies) or Agriscience Fair, as per national rules.
4. For students to compete in Delaware FFA state level CDEs,/ LDE's the student must be part of an approved agriscience pathway. Middle School students, who do not have an agriscience program in their school, may not compete unless they are rising 8th graders who are scheduled for an agriculture class in 9th grade, in which

case they may compete in summer (June and July) CDE/ LDE activities. The student must also meet National FFA CDE/ LDE eligibility requirements.

5. If a winning chapter cannot attend a CDE / LDE trip, the next lower place team will be eligible to attend the CDE/ LDE. If the winning team needs additional members to field a complete team, additional members may be chosen from students within the school's chapter, if that number does not exceed more than half the team (ie 2 members of a 4 person team); otherwise the next place team will be given the option to participate. Due to National FFA rules, all students must be from the same chapter.

Registration

1. Pre-registration must be received in the State Office either two weeks before the CDE/LDE or by the designated date, if one is stated.
2. All FFA chapters are required to submit by dates designated on the State FFA Calendar, the Program of Activities, current Chapter Constitution, Membership Roster, Dues and Budget. Any chapter not meeting the above deadlines will not be considered to be in good standing.
3. The Delaware FFA Waiver Release for Events must be properly signed and submitted before an event begins.
