

Delaware FFA Agriscience Fair Tips and Guidelines

- All scoring will be based off of National FFA Rubrics and rules.
- Written Report completed as using national guidelines and scored with Nationals Rubrics
- During June CDE Week: Members complete an in person Ag Science Fair Interview to mimic the virtual interviews conducted by Nationals prior to convention. Interview is similar to proficiency interviews however questions and format will match National AG Science Fair virtual interview formatting. Members scored via Nationals Rubrics. To mimic Nationals, we will be removing the formal presentation portion and only having the interview with the judges. Members can have a hard copy poster or electronic board.
- At the Delaware State Fair and Big E, a printed poster board may still be required.
- Rubric for Interviews
